The secret to a pH balanced & crystal clear pool FOR LESS!

Get the simple 2-step system from ARM & HAMMER®, and spend more time enjoying your crystal clear pool!
2 simple steps to a clear, pH balanced pool

Enjoy your pool from opening day to the end of the season with these 2 simple steps from ARM & HAMMER®. You’ll get crystal clear water without the need for expensive chemicals. Pool maintenance just doesn’t get any easier than this, so let’s dive right into it!

**STEP 1:**
Open your pool with ARM & HAMMER® Baking Soda

- Instantly balance pH* the safe and natural way with our convenient 12 lb. or 13.5 lb. large size bags.
- When you open your pool for the season, use a large bag of ARM & HAMMER® Baking Soda* to adjust alkalinity and balance pH to recommended levels.
- Simple and affordable way to balance pH and alkalinity for sparkling clear water.
- ARM & HAMMER® Baking Soda is pure, safe and natural.
- See page 3 for detailed instructions.

**STEP 2:**
Maintenance is a breeze with ARM & HAMMER® Clear Balance®

- The easy, foolproof method for clear, clean and safe pool water all season long.
- Just add one ARM & HAMMER® Clear Balance® tablet for every chlorine tablet you add. It’s that simple!
- Improves water clarity, balances pH and alkalinity, optimizes chlorine performance, and protects surfaces from corrosion.
- Plus, makes pool water gentle on swimmers’ skin and eyes.
- See page 4 for detailed instructions.

* follow package directions
ARM & HAMMER® BAKING SODA IS THE SECRET TO A SPARKLING POOL.

ARM & HAMMER® Baking Soda can help keep your pool water clearer. Use our waterproof 12 lb. Resealable Bag and keep it handy at poolside.

HOW IT WORKS

ARM & HAMMER® Baking Soda helps balance the pH of the water in your pool to the desired range and provides necessary alkalinity (mineral salts found in water). When used with your regular chlorinating agent, pH balancing with ARM & HAMMER® Baking Soda will keep your pool water sparkling clear, and keep your eyes from burning.

HOW TO USE IT

Baking Soda (sodium bicarbonate) is used by pool professionals to adjust pool alkalinity (proper range 80-100 ppm) and balance the pH of your water.

When opening your pool, and every week during the season, measure the alkalinity and pH of the pool water. Add ARM & HAMMER® Baking Soda as indicated:

<table>
<thead>
<tr>
<th>If Alkalinity is:</th>
<th>Add per 10,000 Gallons of Water</th>
</tr>
</thead>
<tbody>
<tr>
<td>20 ppm</td>
<td>12 lbs.</td>
</tr>
<tr>
<td>40 ppm</td>
<td>9 lbs.</td>
</tr>
<tr>
<td>60 ppm</td>
<td>6 lbs.</td>
</tr>
<tr>
<td>80 ppm</td>
<td>3 lbs.</td>
</tr>
<tr>
<td>110 ppm or higher</td>
<td>Don’t add Baking Soda.</td>
</tr>
</tbody>
</table>

By controlling alkalinity at the proper range of 80-100 ppm, the pH will usually stabilize in its desired range. However, occasional pH adjustment may be necessary. Use recommended pool products to adjust pH to recommended range as needed. Remember to check chlorine level, and add chlorine as recommended by the manufacturer.
ARM & HAMMER® CLEAR BALANCE® MAKES IT EASY TO MAINTAIN A PERFECT POOL, ALL SUMMER LONG.

If you’re like most pool owners you want clean, crystal clear, balanced pool water all season long. The kind of sparkling clear water that makes you proud you have a pool, and the kind of water you want your family to swim in and enjoy! Now, thanks to ARM & HAMMER® Clear Balance® Pool Maintenance Tablets, there’s an easy way to take the guesswork out of pool maintenance and put the fun back in!

ONLY FROM ARM & HAMMER®!
The exclusive patented formula is specifically designed to be used with your chlorine sanitizer to give you crystal clear pool water all season long. Trust your pool to the brand your family has trusted for more than 165 years.

EASY!
Add one ARM & HAMMER® Clear Balance® tablet (in a separate dosing vessel) for each chlorine tablet you use (see package instructions for details).

SIMPLE!
ARM & HAMMER® Clear Balance® tablets automatically balance the pH and maintain the alkalinity so your chlorine works most effectively. No guesswork!

GENTLE!
ARM & HAMMER® Clear Balance® tablets help you avoid eye and skin irritation and prevent costly corrosion to pool surfaces.

SAVE TIME & MONEY!
Eliminates the need for special pool chemicals like:
- pH adjusters
- Clarifiers
- Alkalinity adjusters
- Anti-corrosion products
- pH stabilizers
Clean & Freshen Pool Toys
by wiping them down
with a solution of ¼ cup
